LED Sign

Our LED signs are comprised of clear acrylic with three types of design application: Laser-cut laminate, Etched acrylic, and Printed acrylic. The design application will ultimately be determined by the complexity of the logo provided.

Choose from Black, White, or Milwaukee JCT Oxide for the sign laminate.

Laser-cut laminate

Best for simple designs with thicker linework in one or two colors.

Etched acrylic

Best for more complex logos with fine linework – can be mixed with laser-cut portions to increase visibility and add visual interest.

Printed acrylic

Best for multicolored logos and use with or without LEDs.

The strong, professional look of the custom LED backlit sign is enhanced when the sign is mounted to your Custom Portable Professional Security Desk with 1.5" silver stand-offs. The look is completed with remote-controlled, color-changing LED lighting that creates a "halo" effect on your sign.

The LED kit is powered by a rechargeable cordless battery system with an 8-hour charge cycle. If you need to light up the station for longer than 8 hours, it can be plugged directly into an electrical outlet. The LED kit also comes with a remote operated controller which has multiple speed, brightness, and color settings.

LED Kit includes

- 8 Color options: Red, Orange, Yellow, Blue, Cyan, Purple, White Green
- Waterproof LED strips with multiple color options
- Sealed, 8 hour rechargeable battery w/ power supply
- Easy-to-use controller and remote

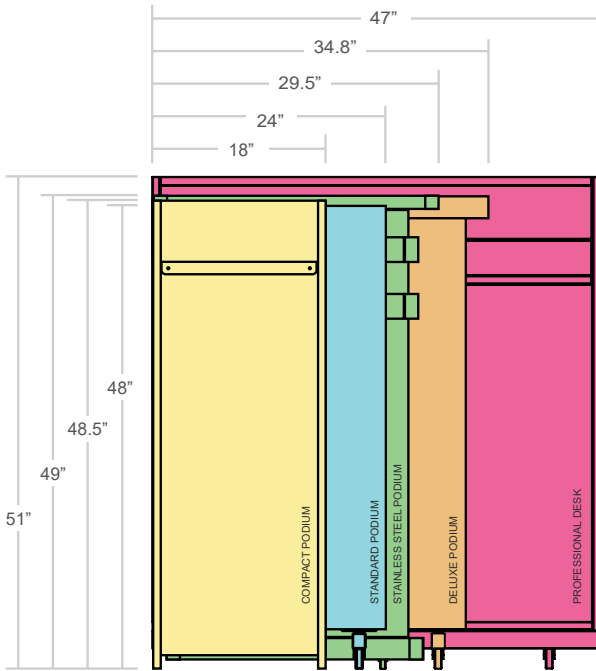

Available only on Custom Portable Professional Security Desk

Sign sizing: 16"x24"

Don't want it backlit? Ask us for pricing on a sign without LEDs.

Key Cam Lock

Cam lock needs to be manually locked. Option for keyed alike and keyed different.

Simplex Pushbutton Combination Lock

Keyless entry. Push in the combination to access. Locks automatically when door is closed. Fast keyless entry, resettable combination, no keys to manage.

Combination Cam Lock

Access with the master key or dial in the 4 digit combination. Must be manually locked and does not have the ability to be "slam locked". Resettable combination w/ master key helps with keeping track of multiple keys.

SCHLAGE FE595 Keypad Entry

Convenient and secure keyless access which locks automatically when door is shut. Program up 19 user codes to fit your security needs. Battery operated key pad lights up for visibility at night. 3 year battery life.

SNEEZE GUARDS

Add a sneeze guard to your purchase of the podiums listed below. Or buy a countertop shield and retrofit it to a podium you already have.

Protect employees and customers with acrylic countertop shields from The Security Station. These social distancing barriers – also called sneeze guards – add .22” of protection from harmful airborne particles. Countertop shields are especially important as businesses begin to reopen after Covid-19 closures. Our new sneeze guards extend each podium to a total height of 6’ and are up to 28” wide depending on the model.

**Reliable equipment.
100% Guaranteed.**

The Security Station will replace any broken part or product resulting from a defect in workmanship within the first three years.

It is our mission at The Security Station to constantly seek out new ways to provide value for you, our customer.

When we asked ourselves how we could do a better job of that, we realized that nothing would go further than offering you a manufacturer's guarantee on all of our products.

It ensures we're holding ourselves to the highest standards throughout the design and manufacturing process.

More importantly, it gives you the peace of mind that you're buying products of superior quality, design and craftsmanship.

The Security Station will replace any broken part or product resulting from a defect in workmanship within the first three years.

CUSTOM BULK ORDERS

We have in house design and manufacturing, as well as the resources to ship freight all over the country. If you need at least 40 custom security podiums or desks, we can design and manufacture them for you. Also, in many cases, we can manage the logistics of your custom product line or bulk order.

Lead times vary depending on the quantity ordered and the nature of the custom request. To consider a project, we require a minimum of 90 days from when the design is completed to delivery.
